

Wix-Brown Elementary

Action Plan for Learning 2024-2025

Numeracy

As a staff, we will explore and implement research-based methods for delivering quality instruction in the area of numeracy.

Literacy

All students at Wix-Brown will be proficient in reading or will be meeting their IEP/AIP goals by the end of the year.

Self-Regulation

Students will be given the tools and strategies they need in order to be calm, alert, and ready to learn.

School Actions...

Prioritize learning standards in mathematics and utilize consistent strategies across classes and grades to enhance Tier 1 and 2 numeracy instruction.

Use Professional Learning Communities (PLC's) and embedded collaboration time for professional development in the area of mathematics.

Engage in a school-wide, professional book study of Peter Liljedahl's *Building Thinking Classrooms in Mathematics* to further grow our collective capacity.

Implement Response to Intervention (RTI) across all grade levels to support reading instruction. Collect and analyze schoolwide data each term.

Explicitly teach self-regulation strategies at all grade levels, using universal language and tools to ensure consistency within our school.

All Our Bears Belong

What Guides Our Work?

- ⇒ First Peoples Principles of Learning
- ⇒ District Strategic Plan
- ⇒ Framework for Teaching and Learning
- ⇒ Ensouling Our Schools
- ⇒ RTI Work
- ⇒ Trauma-Informed Approach

- ⇒ UFLI Foundations
- ⇒ Zones of Regulation
- ⇒ Framework for Enhancing Student Learning (FESL)
- ⇒ PLC Work
- ⇒ Universal Design for Learning (UDL)
- ⇒ Early Learning Framework
